

# KAUAI RESILIENCE CENTER

@ ANAINA HOU COMMUNITY PARK

PRESENTED BY ANAINA HOU

## MISSION OF KRC

Our mission is to foster safety, well-being, and resilience throughout Kauai utilizing a multifaceted approach to address the absence of disaster shelters, a workforce crisis, and fostering public-private partnerships and community-driven solutions that can be replicated and sustained across Kauai and the state.

The remoteness of our state as a whole, and the isolation and access challenges for many of our communities, including the west and north sides of our own island of Kauai, necessitates proactive measures to enhance resilience. The proposed Kauai Resilience Center, with its innovative Monolithic Domes and comprehensive mission, stands as a beacon of hope and security. By addressing the urgent need for secure shelter, public health and safety needs, workforce development, and community-driven solutions, we will have started the process of mitigating our vulnerabilities to both nature and manmade disasters.

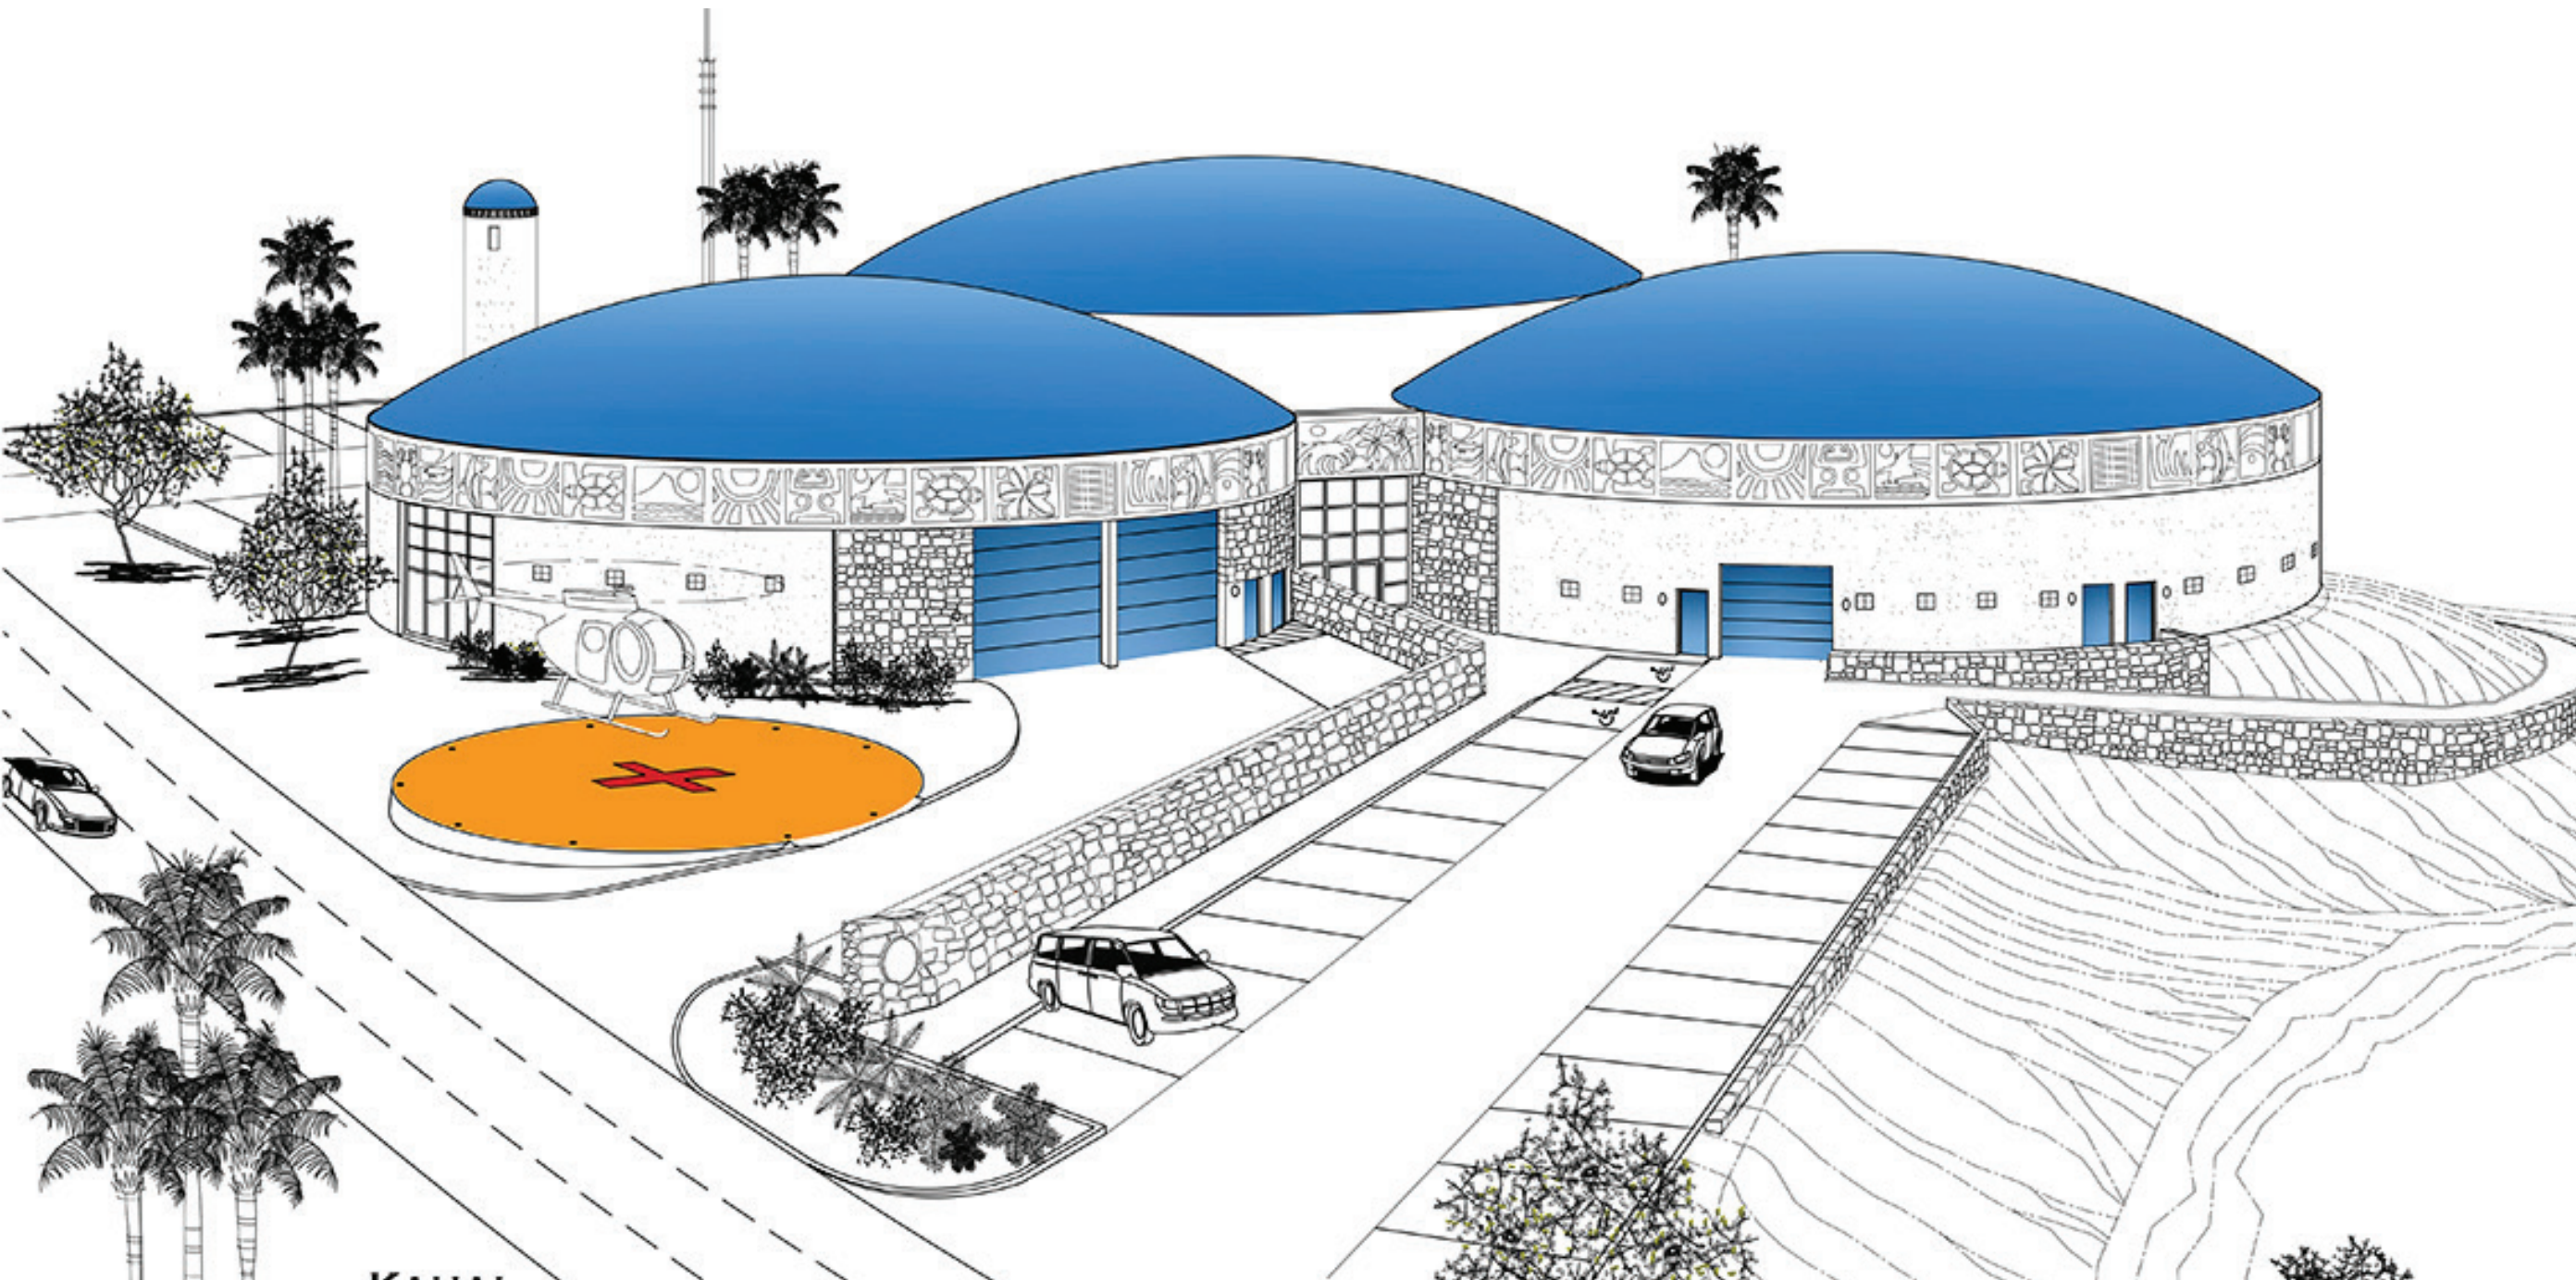

THERE IS NO WHERE TO GO

FIRE - HURRICANE - TORNADO - TSUNAMI - EARTHQUAKE

A SOLUTION FOR ALL;  
MONOLITHIC DOMES

At the core of our innovative approach are the Monolithic Domes, designed to be formidable structures against natural forces. Engineered to withstand winds of up to 290 mph, these domes provide a level of resilience that surpasses traditional construction methods. Moreover, their minimal maintenance requirements ensure longevity and efficiency, addressing the need for sustainable solutions in the face of potential disasters.

Built in record time, the Monolithic Domes not only offer superior durability but also outpace traditional construction methods in terms of speed. This rapid construction is crucial in the context of emergency preparedness, ensuring that the Kauai Resilience Center can be swiftly deployed to provide shelter and support in times of crisis.

# DOMES

**DOME ONE:  
PUBLIC HEALTH AND SAFETY**

**PURPOSE:** Facilitate public health and safety services for the north shore

- **UPPER & LOWER LEVELS:** Dedicated to public health and safety departments and services.
- **ADDITIONAL NEEDS ON THE NORTH SHORE:** Fire Station, Urgent Care, Senior Care, Child Care etc

**DOMES TWO:  
VOCATIONAL TRAINING  
(STEM FOCUS)**

**PURPOSE:** Collaborate with partners for non-college degree careers starting at \$65,000 annually

- **LOWER HALF:** Workshop space, classrooms.
- **UPPER HALF:** Potentially workforce childcare for north shore parents, or parents who work on the north shore
- **ADDITIONAL PURPOSE:** Facilitate vocational training in science, technology, trades, engineering, and math

**DOMESTIC THREE:  
CULTURAL CULINARY  
ENTREPRENEURSHIP, FOOD  
PROCESSING & PRESERVATION,  
DISASTER MASS FEEDING**

**PURPOSE:** Offer vocational training in culinary entrepreneurship, food processing, and preservation.

- **UPPER LEVEL:** AHCP & KRC Administrative Space
- **LOWER HALF:** Industrial Kitchen: Mass feeding, instruction in food safety, culinary competitions, and The Kauai North Shore Food Pantry, NYC's Enoteca Maria Inspired Popup Restaurant, Educational Collaborations, Farmer Supportive
- **ADDITIONAL PURPOSE:** Facilitate educational opportunities showcasing indigenous Hawaiian ingredients and cooking techniques to visitors.

**HOW CAN YOU HELP?**

**SPREAD THE WORD**

- Invite friends to our monthly community meetings held at Anaina Hou Community Park. Reserve your spot at [kauairesilience.org](http://kauairesilience.org)
- Subscribe to our newsletter on [kauairesilience.org](http://kauairesilience.org) to stay up to date on our initiatives and feel free to share it with your friends

## **DONATE TODAY**

**Join us in building a resilient future for Kaua'i! Every donation, no matter the size, fuels our mission at the Kaua'i Resilience Center. Together, we're strengthening our community against challenges, from natural disasters to economic uncertainties. Your support ensures vital resources, education, and assistance reach those in need. Together, let's empower Kaua'i to thrive in the face of adversity. Donate today, and make a lasting impact on our island's resilience. Every gift counts.**

**Head on over to [Kauairesilience.org](https://kauairesilience.org) to donate today.**

## BECOME A VOLUNTEER

Ready to make a hands-on difference in Kaua'i's resilience journey? Join us as a volunteer at the Kaua'i Resilience Center! Whether it's lending a hand at community meetings, assisting at public health events, or contributing to the heart of our center once built, your time and skills are invaluable. Together, we'll foster a stronger, more resilient Kaua'i for all. Sign up today and be part of the positive change our community needs. Your dedication is the cornerstone of our success!

Email us at [krc.info@anainahou.org](mailto:krc.info@anainahou.org)

## BE A LIFELINE!

In becoming a “Lifeline” Annual Member of [Kauai Resilience Center](#) you will absolutely be responsible for saving lives, ensuring the safety and wellbeing of the people that matter most to you when the next disaster hits. Your investment will increase the resiliency of our community, and launch a movement that hopefully will make its way through the state and reach other communities like ours.

The KRC, Lifeline Annual Membership looks to the Native Hawaiian ‘aumākua for inspiration as this project and the humans that will lift it up need Aloha for it to be successful.

*\*Most people relate ‘aumākua to only animal forms; however, ‘aumākua is any energy form that exists in the universe, including animals, plants and weather. The values expressed in ‘aumākua is to mālama (to care for) and ‘ohana (the family) and this is to hō`ihi (honor/respect) all that is about energy. To identify with an ‘aumakua is to honor God's creation by understanding that we need all relations in order to have the world that the creator made.*

*The following are examples of ‘aumākua and the energy and characteristics they exhibit. ‘Aumākua reminds us of the connection of all things through Aloha, the spirit in and through all things that orders the cosmos into a proper and respectful relationship.*

\*Italicized excerpts are borrowed from the Waianae Coast Comprehensive Health Center

## MO'O (DRAGON / LIZARD)

The original caretaker of the earth, foundational, protector, emergent, transformational, caring, link to our primary being, connector and preserver.
